### Summary:

I am a passionate Full Stack Developer with training from the "Soy Henry" bootcamp and additional training in ODX. My focus spans both Front-end and Back-end development, backed by deep knowledge of agile methodologies, GIT, Scrum, data structures, algorithms, and CSS frameworks.

My experience as an intern at an influential record label in California provided me with outstanding teamwork and goal achievement skills in a collaborative environment. I actively contributed to the coordination of large-scale events and conferences, demonstrating effective organizational and communication skills.

My technical proficiency extends to technologies such as JavaScript, HTML, CSS, Python, C, Node.js, React, and Next. I combine this technical expertise with leadership skills that foster team growth. Furthermore, my advanced bilingual English proficiency, supported by experiences in Oxford and three years of residency in California, enables me to communicate fluently in international settings.

My passion lies in creating robust and appealing web solutions that have a positive impact on both teamwork and achieving objectives.

### Skills:

- Programming Languages: JavaScript, HTML, CSS, Node.js, Python and C
- Frameworks: React, Bootstrap, Next and Tailwind
- Database: Sequelize and MySQL
- Agile Methodologies and Scrum
- Data Structures and Algorithms

### Soft Skills:

- Proficient in highly collaborative teamwork.
- Ability to lead and contribute to collective growth.
- Effective communication and problem-solving skills.

### PROJECTS

#### Full Stack Web Developer - Individual project

Aug. 1 - Aug. 10

Academic Experience, Henry Bootcamp

Designed and developed a Single Page Application (SPA) for video games incorporating features such as advanced searches, combined filters, and sorting.

- Front: React, Redux, Node
- Back: Express
- Data Base: PostgreSQL y Sequelize.
- Repository: [GitHub Repository](#)

## Full Stack Web Developer - Final project

Aug. 28 - Sep. 19

Academic Experience, Henry Bootcamp

As part of my training as a Full Stack Web Developer at Henry Bootcamp, I spearheaded the development of a comprehensive web application for a car rental company. This project encompassed a wide range of functionalities, including:

- Creation of user profiles with complete management using Firebase.
- Car rental process enabling users to search, select, and reserve vehicles.
- User profile management, purchase history, and rental history.
- Real-time communication with administrators for assistance implemented with Socket.io.
- Integration of geolocation to locate available vehicles.
- Advanced management and administrative tools for staff.

Additionally, our application also incorporates:

- Dark mode for a versatile and comfortable visual experience.
- Bilingual functionality, allowing users to navigate in both Spanish and English according to their preferences.
- A 100% responsive design to ensure an optimal experience on both mobile and desktop devices.

Front: React, Next, Redux ToolKit, Node, Tailwind.

Back: Next

DataBase: MySQL.

## PROFESSIONAL EXPERIENCE:

### Publishing and Event Department

Sep 2021 - Sep 2022.

Bethel Music, Redding, California.

- **Copyright Coordination and Control:**
  - Oversaw the usage of our musical compositions in external YouTube videos.
  - Proactively communicated and collaborated with content creators to ensure compliance with copyright regulations.
- **Organization of Large Events and Conferences:**
  - Played an integral role in planning and executing events, conferences and staff meetings.
  - Contributed to logistics, scheduling, and coordination with vendors and attendees.
- **Effective Communication and Coordination:**
  - Maintained effective communication with various stakeholders, including collaborators, artists, and internal teams.
  - Facilitated seamless coordination across departments to ensure smooth project execution.
- **Multi-Task Management:**
  - Successfully managed multiple responsibilities concurrently, from copyright tracking to event organization, ensuring efficiency and adherence to deadlines.
- **Leadership and Teamwork:**
  - Fostered a collaborative work environment by sharing ideas and assisting in overcoming challenges.
  - Demonstrated leadership skills that contributed to the successful achievement of both individual and collective goals.

## Language Proficiency:

- Advanced-Bilingual English (CAE - C1) with experience from an exchange program in Oxford and a three-year residency in California.
